3PL Prep Portal

Amazon FBA prep, invoicing and fulfillment —
one portal, full visibility.

Instant invoices

Live order tracking

FNSKU & shipping labels

Prep without the back-and-forth

The old way: email & spreadsheets

Quotes wait in an inbox

Every order starts with an email thread and a delay.

Hand-built invoices

Line items and discounts recalculated by hand, every time.

Zero visibility

Has it arrived? Is it prepped? Nobody knows without asking.

Labels lost in threads

FNSKU and shipping labels buried in attachments.

With the portal

Invoice in seconds

Generated from your rates the moment you submit an order.

Payments verified

A dedicated accounts team confirms every payment.

Live status, end to end

From received to prepped to sent to Amazon — always current.

Labels in one place

FNSKU and shipping label PDFs exchanged inside the portal.

How it works — end to end

1

Place your order

Add products by ASIN and quantity — choose poly bag or bubble wrap per product.

2

Invoice arrives instantly

Itemized PDF from your rate card, emailed and available in the portal.

3

Payment verified

Mark payment sent; our accounts team verifies and unlocks shipping.

4

Ship to our warehouse

Add carrier and tracking, upload FNSKU label PDFs per ASIN.

5

We prep your units

Receive, inspect, label and pack — status visible at every stage.

6

Sent to Amazon

You upload shipping labels; we hand your shipment to Amazon.

Placing an order takes two minutes

Multiple products per order

ASIN + quantity rows — add as many products as you need with one click.

Prep options per product

Poly bag or bubble wrap only where you want it, at a single rate.

Your details, remembered

Business, brand and store name pre-filled from your account.

Cartons auto-calculated

One carton per 50 units, priced upfront — no surprises later.

Transparent pricing, instant invoices

Service	Billed	Rate*
Inbound receiving & inspection	per unit	\$0.20
FNSKU labeling & FBA prep	per unit	\$0.60
Poly bag / bubble wrap	per unit, only when selected	\$0.65
Cartonization & outbound	per carton (50 units)	\$5.00

**Sample rates. Your rate card is set per client — including volume discounts — and every invoice is itemized against it.*

-  Rates locked per order — later changes never touch old invoices
-  Invoice PDF emailed the moment the order is placed
-  Optional prep billed only on the units that use it

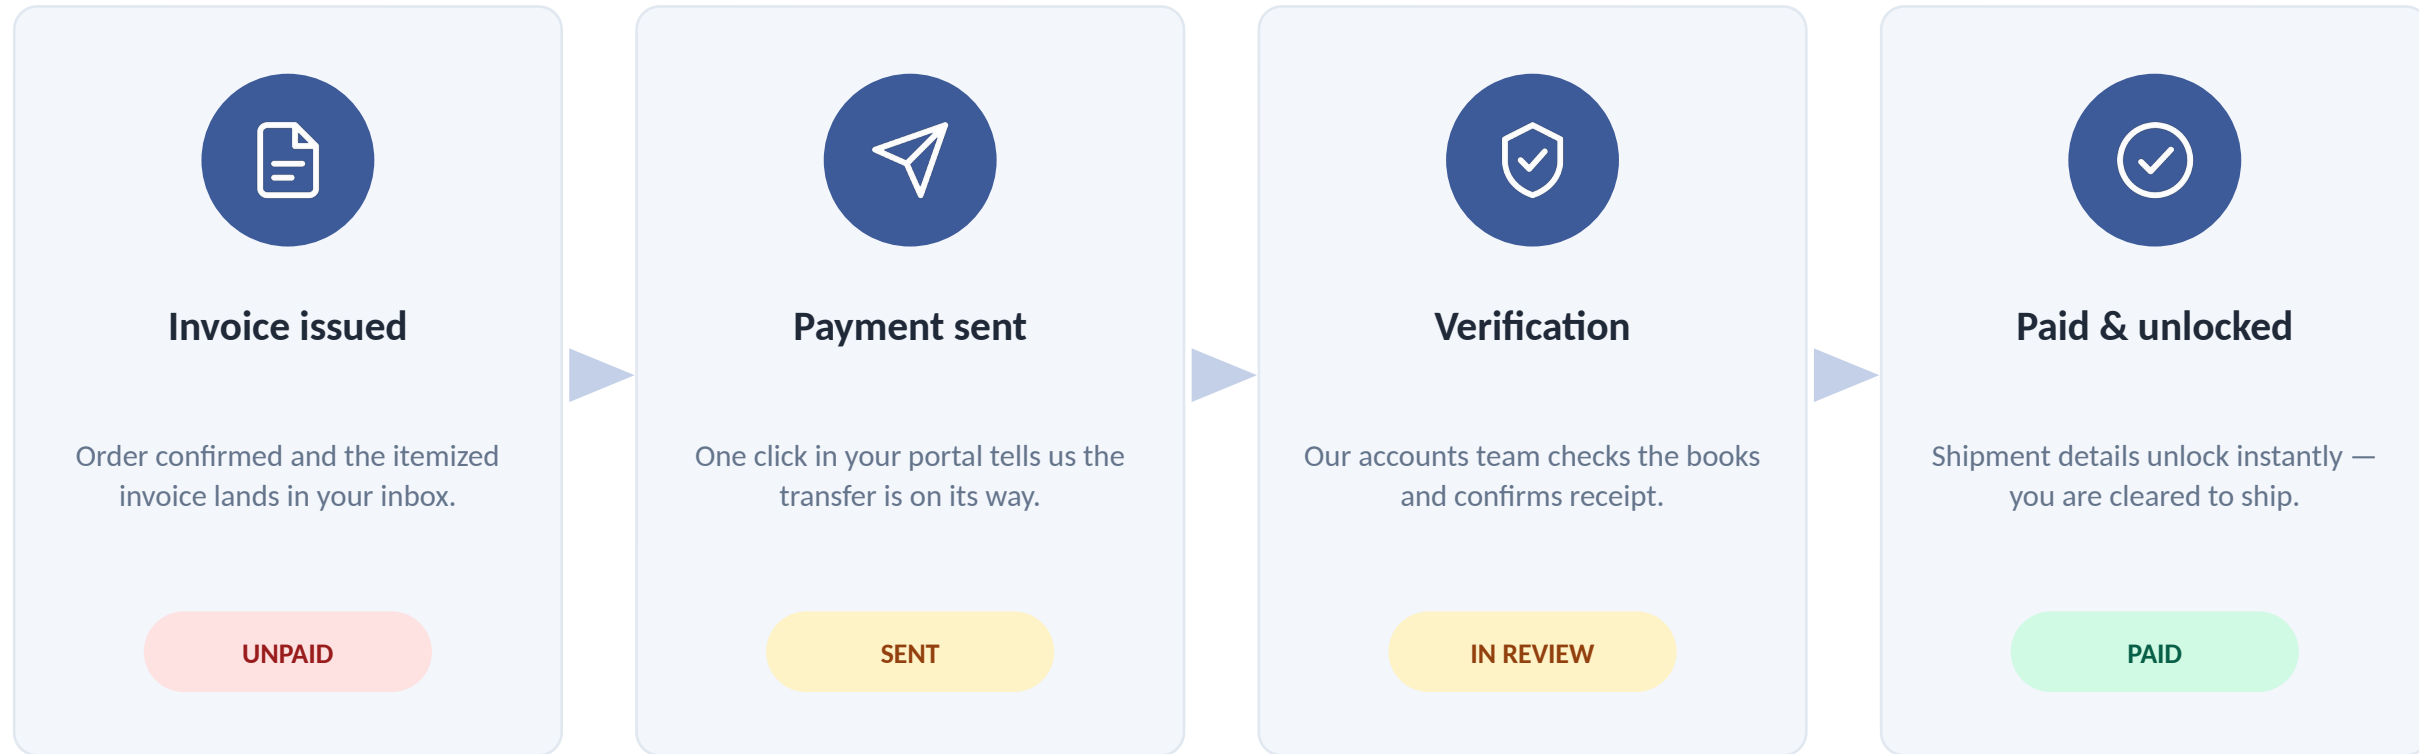

Real example — 2,244 units

\$2,304

invoiced in seconds, 10% volume discount applied

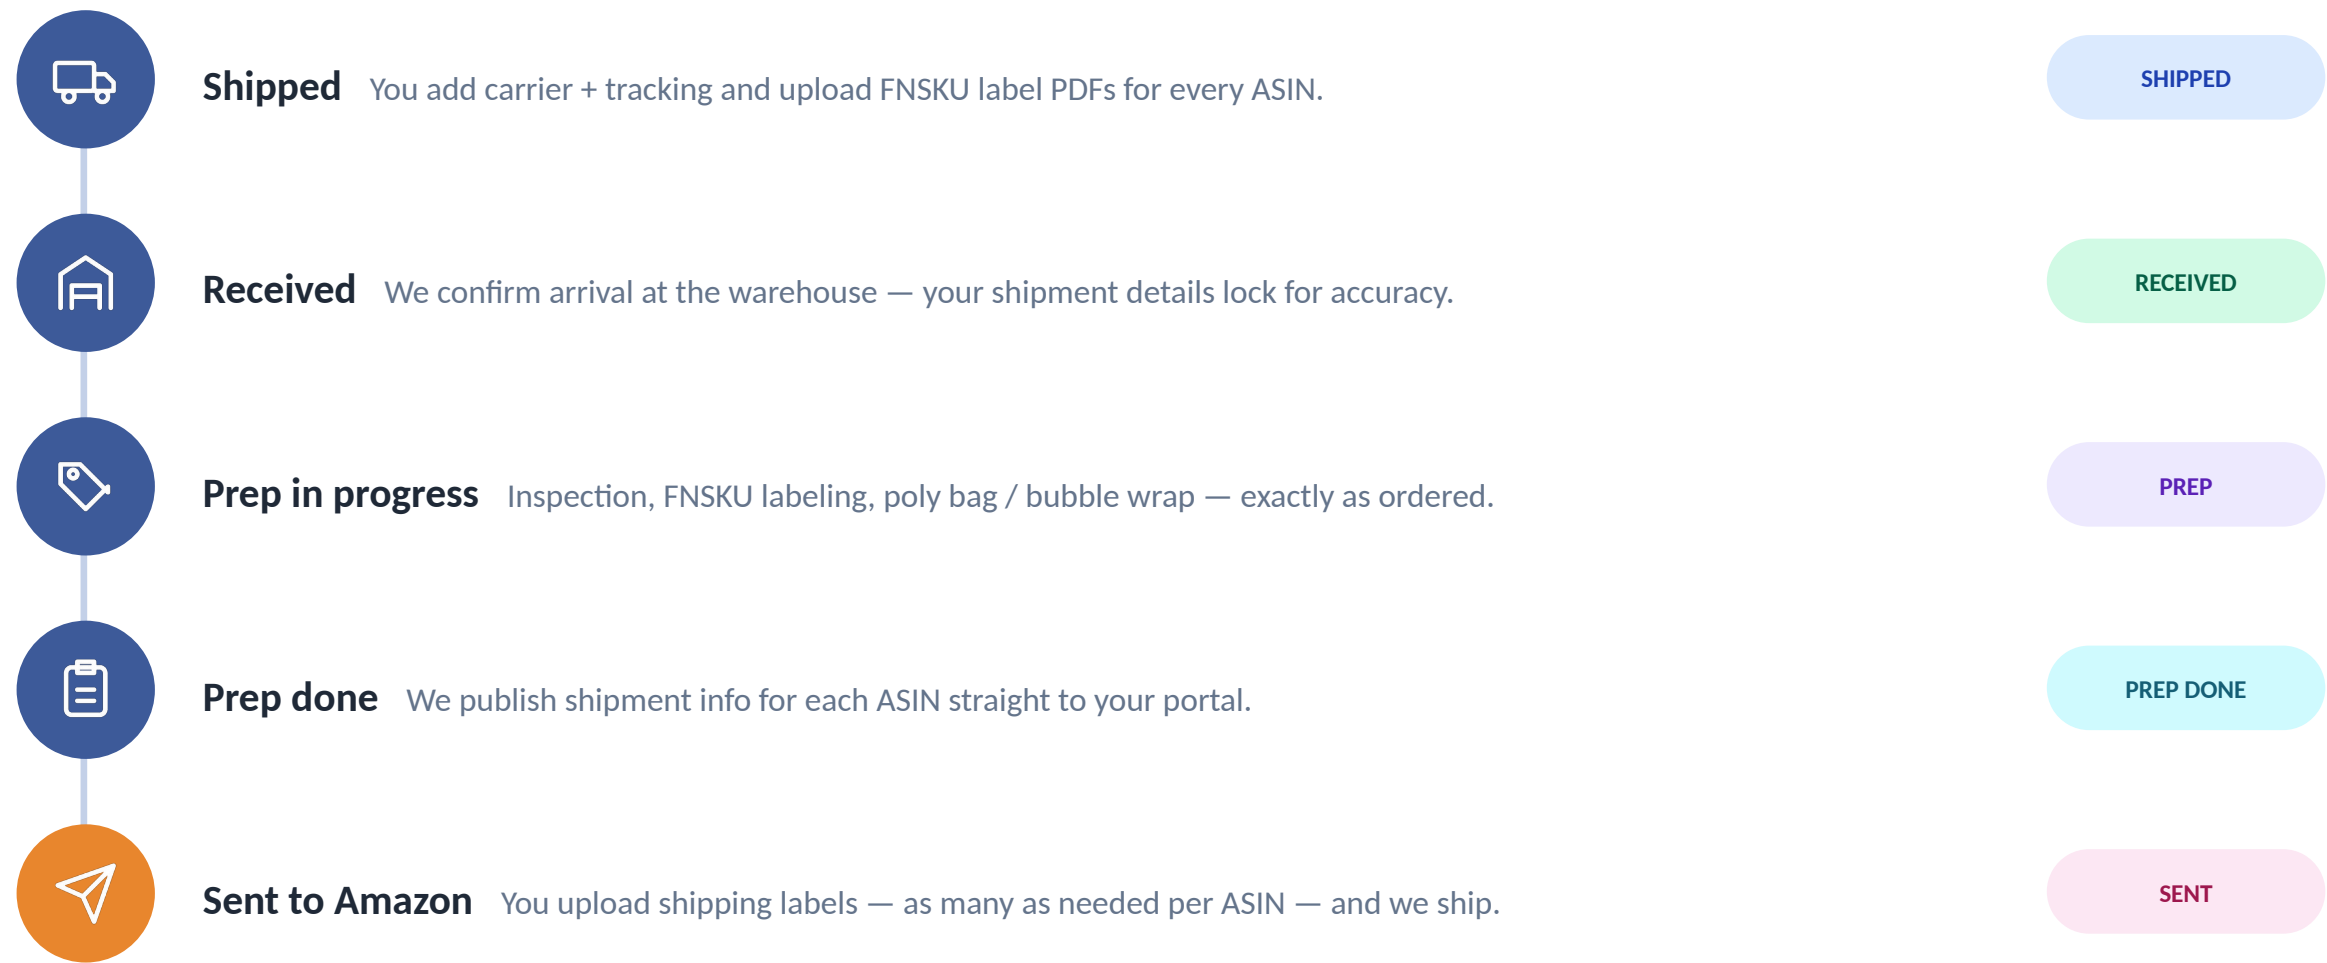

Receiving & inspection	\$448.80
FNSKU labeling	\$1,346.40
Poly bag (984 units only)	\$639.60
Cartonization & outbound	\$100.00

Payments verified — never assumed

Every invoice has an owner and a status — nothing ships on a guess, and nothing waits on a mystery.

From our dock to Amazon

Each stage updates your portal the moment it happens — the same statuses our warehouse works from.

Everyone sees exactly what they need

Client portal

Place orders, download invoices, track statuses, exchange labels — your whole account in one login.

Accounts team

A dedicated verification queue so payments are confirmed quickly and accurately.

Warehouse crew

Receiving, prep pipeline and label downloads — worked from the same live statuses you see.

Admin oversight

Rate cards, client accounts and a complete view of every order in flight.

Nobody has to ask "any update?"

A notification bell in every portal announces each change — new invoices, verified payments, prep milestones — the moment it happens.

Getting started is simple

1

We set up your login

No signup forms — we create your account and rate card, you log in.

2

Place your first order

Products, quantities and prep options; the invoice is in your inbox in seconds.

3

We take it to Amazon

Ship to our dock and watch every stage until it lands at FBA.

Let's prep your next shipment.
